CAREER OBJECTIVE

AI/ML practitioner with hands-on experience in Python, deep learning, and full-stack development. Passionate about building intelligent systems that solve real-world problems — from predictive models to production web apps. Seeking a challenging role where I can contribute cutting-edge solutions and continue growing as a technologist.

EXPERIENCE

Python Developer • SmartAI Soft

Aug 2025 – Feb 2026

- Built Style Dash, an AI-powered fashion web app, handling both backend APIs and frontend with React.js & PostgreSQL
- Participated in agile sprints, code reviews, and delivered a capstone CRUD project with responsive UI
- Developed and deployed a full WordPress e-commerce site (Luxora.global) with Elementor Pro and payment gateway integration

MERN Stack Intern • Developers Hub

Jun 2025 – Aug 2025

- Built modular React.js components connected to RESTful APIs; designed MongoDB schemas and Node.js routes
- Delivered capstone project with full CRUD operations in a 2-month intensive internship

Computer Instructor • Perfect Academy, Lahore

Jan 2022 – Mar 2024

- Taught MS Office, computer theory, and practical labs to Grade 10 students
- Helped students build foundational digital literacy and exam readiness

PROJECTS

- AI-Based Glasses for Visually Impaired (FYP) — Real-time object detection & voice feedback for accessibility
- Style Dash — AI model for fashion style recommendation (React.js + PostgreSQL)
- Photo Converter — MERN stack app to convert and print passport-size photos
- Banking App — Semester project: full CRUD banking system built with MERN stack
- Luxora.global — WordPress e-commerce site with custom payment gateway integration

EDUCATION

Degree	Institution	Grade	Year
Bachelor of Computer Science	Lahore Garrison University	3.56 CGPA	2022–2026
FSC – Pre Engineering	Garrison College For Boys	1st Division	2021
Matric	Garrison Academy Tufail Shaheed	1st Division	2019

COURSES & CERTIFICATIONS

Course	Institution	Grade	Year
ML / Deep Learning	NAVTTC	A	2025
Web Development	Perfect Academy	A	2021
HTML	NCC Computer College	A	2022
MS Office	NCC Computer College	A	2020
Graphics Designing	Perfect Academy	A	2017
Video Editing	Perfect Academy	A	2017
English Speaking	NCC Computer College	A	2019

TECHNICAL SKILLS

Languages	Python, JavaScript, HTML, CSS
AI / ML	TensorFlow, Keras, Scikit-learn, OpenCV, NLP, Deep Learning
Web (MERN)	React.js, Node.js, Express.js, MongoDB, PostgreSQL, REST APIs
CMS	WordPress, Elementor Pro, WooCommerce, Payment Gateways
Dev Tools	VS Code, Google Colab, Git, Postman
Design	Adobe Photoshop, CorelDRAW, Figma, Canva, Adobe Premiere Pro, After Effects
Other	MS Office Suite, Fiverr & Upwork, InPage Urdu, Audacity

INTERESTS & HOBBIES

 Wildlife & Bird Photography  Videography  Reading  Hockey
